Job Title: Northwest Ohio PfP Regional Coordinator

Organization: Hospital Council of Northwest Ohio

Description: The Centers of Medicare and Medicaid Services awarded the Research and Educational Foundation (REF) of the Ohio Hospital Association (OHA) a Hospital Engagement Network contract to design and conduct various types of training events and sessions for hospitals and affiliated healthcare facilities, as part of the Partnership for Patients (PfP) Initiative, to make substantial progress in eliminating hospital acquired conditions and preventable readmissions on a broad scale. As a result, the REF of OHA has subcontracted with the Hospital Council of Northwest Ohio to engage a regional coordinator for the implementation and monitoring of the Partnership for Patients (PfP) Initiative in northwest Ohio. The coordinator will work with the REF of OHA in enrolling facilities in the PfP Initiative, will provide training and education to facilities, will assist the REF of OHA achieve PfP goals, perform data collection and reporting tasks, and participate in weekly teleconferences and monthly in person meetings in Columbus, OH. For further details go to <http://www.healthcare.gov/compare/partnership-for-patients>

Requirements: Leadership experience in risk management and quality improvement projects. Experience in healthcare administration, Bachelor of Science in clinical field, Clinical experience, high level leadership experience and facilitation skills. Applicant must be organized, a self-starter, and have strong communication skills and proficient in Microsoft Office Suite.
